

Tigerprint is now able to offer its' clients a fantastic new product called the **Promvelope**.

So, what is a Promvelope?

This is a normal envelope, of which, has a **full colour** picture or photo of **your product or service** on the front to catch the eye of those that are handling it.

This is particularly useful for any promotional use, especially if you don't need many, or just want to test out an idea or two.

These are printed digitally therefore a small quantity is not a problem. You might like to buy only one box of envelopes but have several different designs within that box, no worries at all. Of course, if you're wanting a longer run we can do that too.

The benefits to you are:

- PROMOTES YOUR PRODUCT IN FULL COLOUR BEFORE THE ENVELOPE IS EVEN OPENED
- SMALL QUANTITIES ARE NO PROBLEM
- MUCH MORE ATTRACTIVE THAN JUST A LOGO AND ADDRESS
- VERY FAST TURNAROUND
- MANY STANDARD SIZES TO CHOOSE FROM
- GREAT PRICING
- NO WASTAGE DURING PRINTING

So, you might be wondering what your new envelope might look like, let us show you.....
